

Christian Hartvig

Despite of my mere 30 years of age, I've already worked in six different industries, studied economics as well as design, been employed in a manager position and have worked by myself as an entrepreneur, besides also having lived three years abroad. Therefore, I'm not only fit for a broad scope of work, I'm also used to maneuvering across borders in different environments.

Fun facts

Relaxes when I'm cooking

Hungry bookworm

Always working on a project

Into history

Enjoy skiing

Addicted to icecream

Former equestrian

Experience

Nordea (2019 - PRESENT)

Being a **Design Student** in Nordea's Wealth Management department, means that I assist on various projects ranging from regular design tasks to more conceptual business development.

Cupio (2020 - PRESENT)

Being the **Founder** of a startup that aims to combine a traditional wish list with a modern price comparison engine, means that I handle various tasks ranging from concept development to digital design as well as taking care of relationships with international partners such as Nike, Amazon, The Body Shop, Asos & Bestseller.

Railway Innovation Studio (2016 - 2018)

As a **Junior Designer** I assisted on various projects for large Nordic companies such as Telia and Rema 1000, as well as a number of small Norwegian startups. This mainly involved business & concept development, digital design and client presentations.

Volunteering

Oslo National Academy of the Arts (2016 - 2018)

Head of Student Council

Harnas Wildlife Sanctuary (summer of 2011)

Volunteer work with
wildlife in Namibia.

Experience

DFDS (2015 - 2018)

As **Assistant Operations Manager**, my main task was to assist during weekends with all inbound and outbound cargo between Oslo and Copenhagen. This included daily operations as well as taking care of customer relationship.

Beestad (2015)

As the **Co-Founder** of a marketing app that partnered up with companies such as McDonald's and Volkswagen, my main responsibility was to take care of concept development, design and production. This also meant that I was in close contact with our local development team in Estonia.

Thorco Shipping (2013 - 2014)

As **Operations Manager** for the world's second largest multipurpose shipping company, my main task was to oversee the daily responsibility of 7 cargo vessels in the 13,000-24,000 DWT segment and an annual turnover of approximately USD 75 million.

Clipper Group (2011 - 2013)

As a **Shipping Trainee** I worked in various departments ranging from Chartering, Operation, Sale & Purchase of vessels to Marketing and Finance. Furthermore, the traineeship also included an extended course in 'Good Manners & International Business Etiquette' conducted by Inge Correll.
